Abigail Wells
Tyne Class teacher

Year 1 support staff
Louise Emery

Year 1 support staff
Munevver Demir

Year 1 support staff
Maxine Johnson

Year 1 Teacher
Greg Cooper

Our day:

- Each class is taught by their class teacher in groups of 30.
- Class teachers teach every subject, except PE and Art, which is taught by specialist teachers.
- A range of other professionals may also work with the children.

Integrated Curriculum

- Topic lessons are taught within an integrated curriculum and areas of learning are set up for children to access independently.
- Children have to complete all their 'challenges' across the week and work is presented in individual topic portfolios.
- Emphasis on independence and resilience to complete tasks to the best of their abilities.

Reading

- Reading lessons are done in a carousel where the children work with different adults each day to complete various reading tasks.
- Children change their reading books on a Friday and will be given 2-3 books to read for the week.
- Children should be reading **every day for 15-20 minutes** and commenting in their reading records. Reading records are checked daily by a member of the team.
- We also reward home reading using the reading challenge certificates.

The West Hampstead Curriculum - A Guide for Parents in Year 1 – 2021-22

Over the past few months, we have been working on developing and improving our 'West Hampstead Curriculum'. This document shows you what children in Years 1-6 will be learning throughout the year and what your child will be learning in the Autumn term. You will receive more information later in the year.

Intent - The West Hampstead Curriculum is designed to:

1. Teach our pupils to learn well
2. Teach our pupils how to lead happy, healthy, constructive lives, in which they can aspire and experience success
3. Ensure broad and balanced knowledge of the world
4. Ensure high levels of competence in the core subjects of English and maths
5. Teach our pupils to live well in a diverse world, as confident, responsible citizens

West Hampstead Values:

Last year, we worked with children, staff, parents and governors to develop our five core West Hampstead values , Aspiration, Responsibility, Resilience, Consideration and Community. These themes run through each of our topics.

Whole School Themes:

As a school community, we have decided to structure our Key Stage 1 and 2 'West Hampstead Curriculum' around whole school themes. These themes are: Journeys, Making a Difference, Environment and Diversity.

The National Curriculum:

At our school the National Curriculum is statutory. It lays out the range of subjects we must teach and sets the standards pupils are expected to reach at the end of each key stage of learning. Our Schools Curriculum incorporates the National Curriculum and goes beyond it. We have adapted and extended the National Curriculum to meet the particular needs of our pupils and families. It is a curriculum designed to work for all in our community.

Topic Enrichment

We believe that all topics should be memorable, engaging and exciting! So for each topic you will see that (Covid permitting) we have planned for: an exciting entry point, opportunities for exploration through in depth research , exciting trips and an exit point that will often involve sharing work with our community.

West Hampstead Values:
